Fit Classifications

Fitted	Slim	Regular	Relaxed	Oversized
Form fitting that fits tight against the body	Contoured fit that fits close to the body	Moderate fit that fits away from the body	Roomy fit that drapes away from the body	Generous fit that fits loose over the body

How to get the right fit

To measure your clothing size follow these instructions below:

1. CHEST

Keeping the tape measure parallel to the floor, measure around the fullest area of your chest.

2. WAIST

Keeping the tape measure parallel to the floor, measure around the narrowest part of your waist.

3. HIP

Keeping the tape measure parallel to the floor, measure around the fullest part of your hip.
